Canadian Women Carrying Torch

The monthly brochure for May, issued by the Wartime Information Board, of Ottawa, tells very concisely the story of the wonderful work that Canadian women are doing in the Fighting Services and in industry, as well as in the many civilian organizations.

Women over 15 years of age in Canada, approximately 3,870,000
Engaged directly or indirectly in war industry, more than 247,000
In the Armed Services, more than 23,000
W.R.C.N.S., more than 2,100
C.W.A.C., more than 10,300
R.C.A.F. (W.D.), more than 11,000
Nursing Services, more than 2,275
Female doctors in the Armed Services, more than 35

The assistance of Canada's women through their work in industry, in business, in the armed services, in their homes and by voluntary effort has played an important part in placing Canada in the position of fourth largest producer of war supplies among the United Nations.

During the seven months to the end of April about 95,000 women were newly employed directly or indirectly in war industry, bringing the total to 247,000 by May 1. About 15,000 women enlisted in the armed services during the seven months prior to May 1.

The Women's Royal Canadian Naval Service, organized in June, 1942, had attested 2,185 and called up 1,703 by May 1. About 110 are being called each week for rating's training at Galt and Preston, Ontario. Officers are trained in Ottawa. The W.R.C.N.S. hopes to enlist 5,200 by the end of 1942.

Established in July, 1941, the R.C.A.F. (Women's Division) had enlisted more than 11,000 by May 1, and hopes to have 20,000 by the end of 1942.

The Canadian Women's Army Corps had enlisted more than 10,300 by May 1, and hopes to enlist 25,000 by the end of 1942.

More than 2,275 nurses are wearing Canadian war uniforms. The Royal Canadian Army Medical Corps has enlisted 1,350 nursing sisters and has 91 dietitians and physio-therapy aides and six home sisters. About 280 are serving with the South Africa Military Nursing Service. The R.C.A.F. Nursing Service has 257 nurses on duty, and the Royal Canadian Navy has 183 nurses serving temporarily under the R.C.N. medical directorate.

There are 35 women doctors serving with the armed forces — 19 with the Army, 12 with the R.C.A.F., and 4 with the Navy.

During the last 18 months work of women volunteers has been co-ordinated under the direction of the Women's Voluntary Services Division of the Federal Department of National War Services, and 24 Voluntary Service Centres have been established to prevent overlapping of volunteer work throughout the nation.

They have successfully co-ordinated voluntary support of the many national programs such as nutrition, salvage, housing, conservation, rationing, policing prices of consumer goods, encouraging increased war savings, staffing Wartime Day Nurseries, etc. Local programs arranged through W.V.S. centres are mainly recreational, providing cantines, recreation centres, hospitality in homes, entertainment and comforts for the armed services.

The "block system" of contacting homemakers has been organized in nine cities: Edmonton, Saskatoon, Winnipeg, Kitchener, London, Kingston, Cornwall, and Anshurst, and two districts in Toronto. As an example, the Saskatoon block plan has used 1,350 women volunteers, who have contacted 10,362 householders in specific blocks, distributing educational wartime literature, explaining salvage collections and its problems and distributing various types of wartime surveys. The medical authorities in Cornwall have enlisted the aid of the Women's Voluntary Service Centre to conduct a survey of the need for immunization of pre-school age children.

The Winnipeg W.V.S. centre initiated its block system project in the recent Red Cross campaign and successfully sold this manner of contacting the public to the city.

Thus by his good behaviour he will show the falsity of the charges of malicious men, who would seek to make him out a menace to the State. The early Christians were often so charged, but their consistent lives silenced their accusers.

Application

"It is hard to be blamed for what you did not do." So said a troubled young Christian. But in

this portion of God's word we are hidden to take Christ as our example in this as in all else. He was falsely accused and bitterly persecuted for wrongs He had not done. As he left everything in the Father's hands, so should we. Grace will enable us to triumph and to rejoice when men speak evil of us. We shall be vindicated in His own way and time. Christians are pitiable grimes who are going through this

world with a definite destination in view. A wanderer travels on, but has no real object before him.

Experiments are being conducted to find a practical method of extracting water from fish scales, a sugary product.

Though the king of the Orient and is known to kill pigs and calves, horses, and are able to

consume this insect because their impenetrable skin offers protection from bites and stings.

Successful "planting" of fish depends on food, cover, spawning areas, water level and the amount of dissolved oxygen in the water to be stocked.

In Greek the same word means logic and speech.

MEAT

RATIONING EFFECTIVE THURSDAY, MAY 27TH

After midnight May 26th, it is unlawful for a consumer to buy rationed meats and for anyone to sell rationed meats to a consumer except on surrender of valid ration coupons.

WHAT MEATS ARE RATIONED?

Beef, Veal, Pork, Mutton and Lamb.

WHAT MEATS ARE NOT RATIONED?

Poultry and Fish are not rationed. "Fancy" meats such as Heart, Tongue, Liver, Kidneys, Brains, Sweetbreads, and cooked sausages such as Wieners and Bologna are not rationed. Meat cuts containing 50% or more of bone such as spare-ribs, oxtails, and pigs' feet are not rationed.

HOW MUCH RATIONED MEAT AM I PERMITTED TO BUY?

An average of two pounds per week per person. You get less of meats containing no bone and more of meats containing considerable bone. See the chart of coupon values below.

WHAT COUPONS DO I USE WHEN BUYING MEAT?

The Brown Spine "A" coupons from your No. 2 ration book—the book you are now using to buy tea, coffee, sugar, and butter.

HOW OFTEN CAN I BUY MEAT?

Two coupons become good each Thursday. The first pair of No. 1 coupons becomes good May 27th. Each coupon is good for 15 of one week's ration.

HOW LONG DO COUPONS REMAIN GOOD?

Coupons becoming good before the 15th of a month are good until the end of that month. Coupons becoming good on or after the 15th of a month are good until the end of the following month.

DO I HAVE TO USE THE TWO COUPONS AT THE SAME TIME OR IN THE SAME STORE?

No. You can use a coupon at any time during the period in which it is valid, and in any store you wish.

CAN I BUY ONLY ONE KIND OF RATIONED MEAT WITH A COUPON?

No. You can buy whatever rationed meat is available and as many kinds as you want providing the coupon value is not exceeded.

MEAT RATIONING AS IT AFFECTS FARMERS

Farmers may slaughter their livestock for their own consumption—but must turn in to the Local Ration Board at the end of each month, 1 coupon for each two pounds of their own slaughtered meat consumed on their own premises. Farmers need in no case surrender more than half the number of each month's valid coupons for such home slaughtered meat.

The remaining half of farmers' meat coupons may be used for ordinary retail purchases of meat, on the basis of coupon value shown on the chart above.

Farmers may supply meat from their own slaughterings to other farmers for consumption on their own farm premises. Local farmer "Beef Rings" are also permitted. Farmers providing meat to other farmers, or "Beef Rings", must collect meat coupons on the basis of 1 coupon for each two pounds of meat, gross weight. Self-addressed and stamped envelopes for mailing in coupons can be secured at your Local Ration Board.

CONSUMER MEAT IN LOCKERS

Before June 30th all consumers (including farmers) who store meat in lockers must declare in writing to the nearest Branch of the Ration Administration, the quantity of rationed meat they have in storage over and above eight pounds per person in the household. Declarations must be accompanied by sufficient coupons from the ration books of the locker holder and his household, to cover the quantity of declared stored meat at the rate of 1 coupon for each two pounds of any meat in the above groups.

The number of coupons to be detached by the locker user need not exceed more than 50% of the total meat coupons in the possession of himself and his household. Locker users may retain for retail purchasing one of each similarly numbered pair of coupons.

RATION ADMINISTRATION

THE WARTIME PRICES AND TRADE BOARD

NOTICE TO THE MEAT TRADE

Retailers of meat must collect coupons for any rationed meats sold on or after May 27th. They need not turn in coupons to their suppliers for meat purchased up until June 10th. This arrangement is made to enable them to build up stocks. A Special Food Bulletin giving complete details of meat rationing is being mailed to all food stores.

Peter's Counsel To Scattered Christians

1st Peter 1:1; 2:1-25.

GOLDEN TEXT

Honor all men, love the brotherhood, fear God, honor the King.—1st Peter 2:17.

An Introduction to the Lesson
How greatly these early Christians needed advice! Peter in his letter wrote to persons who did not understand fully the Christian life or what was expected of them. What was to be their rule of life? To do what Christ would have them do? Yes, they were to obey Christ, and they were to go on in their study of His teachings until life was shaped and regulated by His words. All this would very often set Christians over against persons against them, causing misunderstandings and separations, and sometimes injury to life itself.

The Heart of the Lesson

Self vindication is ever to be avoided on the part of the follower of Christ. He is called to imitate his Master, who called to imitate painfully the false accusations against Him and His life as an under the eye of God, content to leave it with Him to justify Him in due time. The Christian is to be subject to the laws of the land in which he dwells as to be a loyal citizen and an obedient servant.

Girl Guides

WEST LINCOLN DIVISION

The Annual Meet of the Guide Companies of Beamsville and Grimsby was held this year at Beamsville on Saturday, May 22nd. The competition for the cup included tests in Tracking, Out-door Fire-making, Morse, and team games, one of which was unheeded. Two Guides from St. Catharines acted as judges, Mrs. Rancoos and Miss McKinnon. The tests revealed an interesting difference in proficiency, one team excelling in tracking, the other team in fire-building. The cup was won by the Grimsby Company, loudly and generously applauded by our competitors.

Awards made on the year's work were—

Grimsby Company

1 Year Service Star—Gloria Jarvis, Marjorie Haworth, Shirley Croft, Alberta Pellowes, Marilyn McCartney, Isabel Stevenson, Jean Jarvis, Nancy Morton, Marguerite Walters, Catharine Morrison, Adella Campbell, Diane Sawyer.

Second Class Badges—Betty Shantz, Betty Larsen, Mary Johnson, Marjorie Morton.

Artist Badge—Geraldine Marsh, Marilyn Millyard, Betty Larsen, Barbara Bromley, Mary Johnson.

Child Nurse Badge—Geraldine Marsh, Marilyn Millyard, Betty Shantz, Barbara Bromley.

Needlewoman's Badge—Barbara Bromley, Betty Shantz, Geraldine Marsh.

Knitter Badge—Marilyn Millyard.

Beamsville Company

Second Class Badges—Dorothy Saunders, Jean Konkle.

Shield for the greatest number of points earned—Thistle Patrol.

The climax of enthusiastic applause was reached when the Divisional Commissioner handed to Miss Nina Cress her warrant as District Commissioner. It is an appointment equally welcomed by Guiders and Guides.

While the famished Guides restored exhausted nature by a winter-roast, the Girl Guide Committee of Beamsville very hospitably entertained Commissioners, Guiders, mothers, and friends, at tea. A camp-fire sing-song conducted by our Captain, Miss Callaghan, and Taps, brought the day to an end.

It was a very happy "get-together" of people who cannot often meet, for the spirit of friendly competition and of good comradeship only reflected the spirit animating the Guiders in charge of both groups of young people.

Obituary

MICHAEL BABIUK

Believed to be the oldest resident of Lincoln county, Michael Babiuk passed away at his home in North Grimsby on Friday in his 104th year. He was born in old Austria of Ukrainian parentage in May, 1840, and came to Canada in 1896. He lived at Calder, Ont., until coming here 34 years ago. His wife predeceased him three years ago at the age of 92, after they had observed their 71st wedding anniversary.

They had 15 children, but only six are now living, four sons and two daughters, George, James, Teddy, at Calder, Ontario, and David, at Grimsby. Mrs. John Doherty, Yorkton, Sask., and Mrs. George Kobiuk, Englis, Man. Funeral services were held on Sunday afternoon at St. Mary's Ukrainian Church, of which he was an adherent.

Coming Events

The Bow-Wo-Kat Red Cross Group will meet at the home of Mrs. Hall, 8 Adelaide St., on Friday, May 28th.

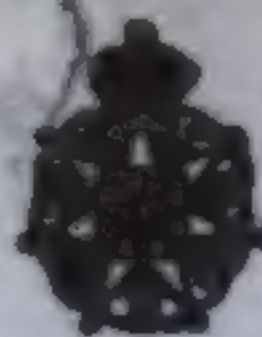

The regular meeting of Lincoln Loyalist Chapter, I.O.E., will be held in the Chapter Rooms on Monday, May 31st, at 8 p.m.

Clinic will be held on Tuesday June 1st, at the Grimsby Public School at 9 a.m. sharp. Will the mothers please make it a point to be on hand.

The 23rd Annual Convention of the Women's Christian Temperance Union, Lincoln county, will be held Tuesday, June 1st, morning, and afternoon sessions at Alexandra hall, Ontario street, St. Catharines. Box lunch. White Ribbon Tea at the evening session, at Welland Avenue United Church, St. Catharines. Special speaker for the afternoon, Rev. F. Foulton, St. Catharines. Dr. G. F. Little, Toronto, will speak in the evening. Public are cordially invited to attend all meetings.

War-time Home Hospitality

L. C. Robert Bruce, of Mount Hope, spent the weekend with friends in Grimsby.

P. O. Howland, of Mount Hope, is spending his ten-day convalescent leave with Mr. and Mrs. L. L. Hatter, of Grimsby Beach.

W.R.C.N. Dorothy Martin, of Barbadoes, B.W.I. and England, now a member of the W.R.C.N.S. spent the weekend with Mr. and Mrs. L. A. Bromley.

Navy League News

We would remind our Grimsby friends of the coming Tag Day, Saturday, June 5th, in aid of the Navy League of Canada. Proceeds to help maintain the Hostels at our eleven ports, so largely used by the sailors of the Merchant Marine.

To help our appeal the Canadian Navy is sending us a Guard of 32 men from H.M.C.S. "Star". This Guard will arrive at 2.15 p.m., fall in at the Village Inn, and will then march to the Post Office where the Guard will be officially received by the Mayor. A colour party of the Legion will be present. The men will then march through the main streets of the town; after which they will be transported to the Beach, marching down Central Avenue and through the Park.

On their return to Grimsby the men will be dismissed, and at 4.15 p.m. will enjoy a game at the Bowling Alley by arrangement with Mr. Kammacher.

At 7 p.m. the Guard will be served with refreshments in the Masonic Hall by the members of the L.O.E. under the direction of the Regent, Mrs. Len Bromley.

Transportation: We have a number of cars promised but not enough. Will 2 or 3 car owners kindly offer to help fetch and return the men to the Barbadoes in Hamilton? Kindly ring up James Gibbs, 66 Grimsby.

Posted As Missing

Mrs. L. A. Bromley received word from England last week that Sgt. Navigator Graham Scholes, of Nottingham, has been posted as missing. Sgt. Scholes was one of the party of R.C.A.F. boys who visited Grimsby through arrangements by the West Lincoln Branch, Canadian Legion, in October, 1941, and visited Mr. and Mrs. Bromley frequently during his training in Canada and United States.

After graduating from Pensacola, Florida, in the spring of 1942, he returned to England, and had been on operations ever since. He made many friends in Grimsby who will regret to hear that he is missing.

Vinemount W.I.

On Wednesday afternoon the Vinemount Women's Institute held its annual meeting, and Mrs. A. W. Little, of Grimsby, the first president of this branch, conducted the election of officers, which resulted as follows: Honorary Treasurer, Mrs. Adam Reid; President, Mrs. Robert Bell; Vice-presidents, Mrs. George Glendon and Mrs. Ferris Weylie; secretary-treasurer, Mrs. Albert Oldfield; district director, Mrs. A. Reid; pianist, Mrs. G. Glendon; auditors, Mrs. Harry Sturch and Mrs. Harry Dewey. Mrs. W. C. Reid was appointed delegate to the W.I. regional convention to be held in Hamilton on June 16th. Mrs. Little also has served on the Saltfleet Library Board for a period of 22 years.

Mrs. George Glendon and Miss Annie Johnson presented an address and a gift of an electric table lamp to Mrs. A. W. Little on behalf of the W.I. members and the community. Mr. and Mrs. A. W. Little recently moved from here to Grimsby.

The guest speaker was Sgt. Howard Batty, recently returned from England on furlough. He stressed the good work done by the various women's organizations and how it boosted morale of the troops overseas to hear that the Victory Loan was going over the

top. Sgt. Howard Batty enlisted on May 3, 1939, with the 110th Squadron, later transferred to the 110th, and has spent three years and four months in England as a wireless mechanic. He has returned to Canada to finish training, to become a flyer.

S. Anna vicinity is very much aroused by dogs destroying sheep. Of the 17 sheep owned by Claude McCollum and pastured on the farm of G. B. Warrender, 11 were destroyed, and it is expected some of the live ones will not survive. The following night the dogs returned and destroyed six owned by W. D. Comfort.

Looks like an election. Premier Harry Nixon of Ontario conferred Friday with Maj. Alex Lewis, chief election officer, on the question of taking the proxy vote of Ontario soldiers overseas and afterwards said: "I am disappointed that the preparation for taking the soldiers' vote overseas are not more advanced than they are."

"Horse" Duffield crack little centre ice player of the Peach Buds has worn his hockey skates for the last time for some time to come. He reported for active service duty with the Royal Canadian Navy, in Hamilton on Wednesday morning. He has a brother overseas with the army and his father is a four year veteran of the last war.

We hope the rains are over. That the fruit grower and farmer has waterlogged land is attested to by the fact that in digging a grave in Queen's Lawn cemetery on Friday water was struck at three feet. Queen's Lawn is the best piece of drained property in this Peninsula and when there is water there what must the ordinary farm property be like.

Things are rapidly being made ship-shape at the Todd factory of Canadian Cannery for the forthcoming season. The interior of the plant has been painted throughout and all machinery overhauled and painted. The large storehouse that was full to the ceiling last fall with processed fruits is empty, all of last season's pack being shipped out during the winter.

Highway traffic over the holiday weekend was fairly heavy despite the gasoline rationing restrictions, although a long, long way from being anything like the peak traffic days before the war. Hotels and restaurants report fairly brisk business. Village Inn sleeping accommodations were all taken up and the dining room had good business. Room business at this popular hostelry has been gradually getting better for some weeks past.

The Winona branch of the Canadian Legion, headed by St. John's Anglican Church Sunday morning to deposit its Union Jack and branch standard and they were accepted by the rector, Rev. B. A. Peglar. The lessons were read by Rev. Arnold Smith and K. C. Millikin. Roy Parke, president of the Legion, presented the Union Jack, while Howard Barnard, vice-president, presented the branch standard. F. B. Woodcock and Robert Harris acted as standard-bearers. The hymn was preached by Archdeacon Macintosh, of St. James' Anglican Church, Dundas.

According to the Smithville Review, Reeve Goodman Pettigrew has South Grimsby Council holding their meetings at four o'clock in the morning.

Argyll and Sutherland Highlanders, arrived back in Niagara camp on Wednesday morning after two years' service in Jamaica. There are 90 Grimsby boys with this unit.

Local residents certainly went to town on Tuesday and Wednesday in the matter of meat buying. With meat rationing coming into force today householders were laying in stock to help the larger against the shorter supply under the ration system. Butchers report that their sales were tremendous and they were about cleaned out of stock.

Petty break-ins are getting more frequent throughout the district. The Inglehart & Gledhill Service Station, Beamsville was the focus for one of them last Thursday night, when a window was broken and a door opened from the inside. Four batteries, box of tools, and a robe were taken. Gas coupons in an envelope were overlooked as well as tires. It was evident from the nature of the plan of operations of the thieves that in practically every case, a small window is forced and either a boy or small person put through, to afterwards open a door.

Coal Shipments To Be Monthly

Grimsby coal dealers have received word that they will receive future shipments of anthracite coal in monthly lots. This will mean that householders who in the past have filled their bins with anthracite early in the summer may be unable to do so this year.

However, coal dealers said Wednesday that by fall they will have received as much coal as they have in former summers. Consumers may have to be content with receiving their coal in several loads, so that the bin will not be filled until later in the year, but dealers said that they were sure all "fill-up" customers would have their needs filled before next winter sets in.

The 13-month quota basis has been decided upon by United States coal operators who supply local dealers. The dominion will receive as much coal during the whole year as in the past, but the new plan will cut off heavy shipments early in the season. Consumers of bituminous coal for stokers are not affected by the order.

Home Town Paper Always Welcome

Sgt. Hugh Anderson, R.C.A.F. Now Training "Eaglets"—Far Cry From Driving Tractor on Queen Elizabeth Way.

The following letter speaks for itself:

26/4/43.

Hello! "Donca"

Some months ago, my aunt, Mrs. Udell sent me the "Independent," and I must say that it has been very acceptable over here. We all crave news from home and there is no more complete way of getting it than by the old home town paper.

Up until two weeks my pilot, and Rear Gunner, and I were with No. 405th Sqd., which was the first Canadian Bomber Sqd. over here. Now we have finished our first tour of "ops," so they have made us go to a training school to instruct "Eaglets" as we call them. This business of flying is a far cry from driving a tractor for the Dominion Construction Co., but I like it.

Roy Hurst was with me on 405th Sqd. He was doing fine when I left to come here. Have seen quite a lot of England, and expect to go to Scotland soon. Well, old timer, happy landings from Sgt. H. J. Anderson.

Paint! Paint!!

Just because it was a holiday on Monday, Farrow Bros. decided it was a good day to throw a lot of paint around on Main street.

They painted the outside of the Sutherland block in a variety of colors. They trimmed up the outside of the stores of R. C. Bourne and Andy Smith, and we understand that the interior of these two stores is to be brightened up.

Then they came across the street and stopped a lot of paint on the front of the Dominion Cafe. All in all Main street looks a lot brighter, but the boys were certainly going to town with those paint brushes.

Discharge Badge For Service Men

Discharged or retired soldiers of the Canadian Active Army are urgently requested to communicate with the Awards Section of the Department of National Defence, Ottawa, giving their present address so that the War Service (Discharged) Badge may be mailed to them.

Several thousands of men who left the Service before February 1942, when the War Service Badge was first issued, cannot be located. Relatives and friends of such former soldiers are asked to communicate information of this award to them.

The lapel badge, in the form of a shield, surmounted by a crown, contains three red maple leaves on a silver background, with the words "General Service". On the reverse side is inscribed a serial number to aid in identification if lost.

Meat Rationing

Meat rationing will come into effect in Canada May 27. Spare "A" compound (brown) will be used at the rate of two per person per week and each will be good for the purchase of approximately one pound of meat, depending on the amount of bone in the cut. Merchants and housewives will be supplied with charts showing the exact amount of each meat cut that can be purchased with one "A" coupon. It has been estimated meat rationing will reduce Canadian consumption by 25 to 33 per cent.

Canning Sugar

Three reasons why Canadian consumers will not get as much sugar as they expected were given by Hon. J. L. Halsey in the House of Commons recently. They are (1) Many ships which normally have brought sugar to Canada have been diverted to North Africa, (2) Many ships loaded with sugar have been sent to the bottom of the ocean; between 40 and 50 million pounds have been lost already, (3) Canadian sugar beet prospects are not as bright as had been expected; Canada usually derives about 60,000,000 pounds from this source.

Flannelette

Recent orders of the Wartime Prices and Trade Board are expected to conserve more than 250,000 yards of flannelette for essential civilian uses. On the restricted list go children's two-pair sleepers, sleeve lengths of women's and children's pyjamas and night-

gowns. The restrictions do not apply to garments used in hospitals. Babies' diapers have been listed as essential.

Preserving Kettles

There are no restrictions on the manufacture of preserving kettles and no shortage is anticipated, it is announced by H. H. Freeman, administrator of fabricated steel and non-ferrous metals under the Wartime Prices and Trade Board. He pointed out, however, that these utensils are made from the same type of metal plate that goes into the construction of tanks, universal carriers and ships.

Enforcement

During the past week 75 persons were convicted of charges involving the breach of various Wartime Prices and Trade Board regulations. Seven charges were dismissed. Offences under the gasoline and tire regulations led the list, 23 persons being convicted.

Mothers' Club

The regular meeting of the Mothers' Club was held on Thursday, May 20th, at the home of Mrs. Geo. Konkle, Paton St. There was a very good attendance of mothers and children. Mrs. George Taylor-Munro was guest speaker; she gave a very interesting talk on the work of our missionaries in China and India, and paid high tribute to the wonderful courage of the Chinese people.

WHO PAYS

Messrs. Jones and Messrs. Brown both make shoes—shoes exactly similar in quality and style. Messrs. Jones do not advertise. Messrs. Brown do, and sell a very much greater quantity than Messrs. Jones in consequence. **WHO PAYS FOR MESSRS. BROWN'S ADVERTISING?**

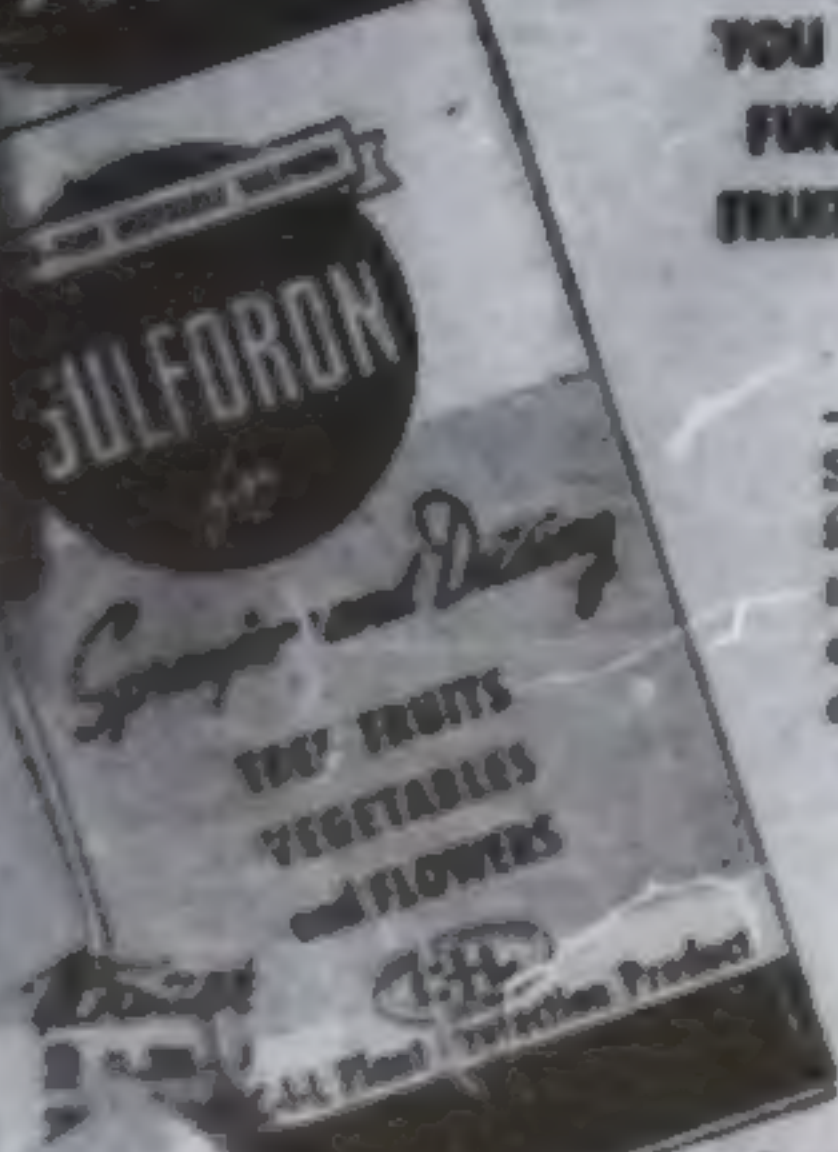

Not Messrs. Brown—because their profit—on the quantity sold—is Messrs. Jones' profit multiplied many times. Not the public—because they get, for \$4.00, shoes of a quality for which Messrs. Jones charge \$4.50. Not the retailer—because the profit is the same in both cases.

No one pays for advertising. It is an economy—not a charge. It does for the operation of selling what Messrs. Brown's machinery does for the operation of making shoes—speeds it up, and multiplies its efficiency. It makes possible big-scale production and so reduces costs.

LITTLE DYNAMITE

got this when I was writing the rest of the letter; it's beyond me). Well, anyway, after we climbed to about four thousand he put the kite through every manoeuvre and trick he could think of; boy, was it fun, but not half as much fun as what followed, when he put his hands above his head, which means to take over. Gosh, was he surprised. I don't like to boast, but after we landed he wanted to know if I had a pilot's license and how many flying hours I had. Wow, was it exciting. I had the stick

for about half an hour, flying around the country. He almost heeled over when I told him it was the first time I'd ever attempted to handle the controls of an aircraft, and about only my second time off the ground.

I'll never forget that ride for a long time. I'm going to try and get up again if possible, and as much as possible.

Well, so long again, folks,

TROUBLE IN STORE

wheels are blocking fire exit leading from the theatre.

Theatre inspectors were in town on Wednesday night last and found everything right up to snuff at the theatre, with the exception of the parked bicycles on the fire exit sidewalk. They raised a big row about this and the result is that signs prohibiting the parking have been painted on the walls of the building. The inspectors stated that they would be back at some future date and if they found any bicycles parked on this walk that they would impound them and when the owners claimed them, charges would be preferred.

TAKING OUT

Metal Craft found many spokes, hubs, wheels, horse shoes, steel tires off wheels and goodness knows what all else, down in that excavation.

This hole in the ground that John is digging out is 40 feet long and 38 feet wide and six feet in height which makes a total of 13,200 cubic feet of earth and rock and miscellany, that has to come out. It's a big hole and when side-walls and floor are put in will mean a lot of concrete work.

To a passerby on Victoria ave., all he sees is a red truck standing alongside the building. To The Independent there was more than a truck, there was an old Ford motor (no doubt sold by "Dutch" Shantz, 15 years ago) hitched up to a workable home-made dirt carrier that was carrying the muck from the hole. To the truck body. It is an ingenious rigging that a lot of high priced, government-paid engineers would frown upon, but it was doing a right smart job, a better job than our government contractors' outfits do.

When this job is completed it will give the Metal Craft a much larger volume of storage space and the beauty of it all is, the money for the cost of construction was spent in Grimsby.

Nobody need go outside the confines of Grimsby to get any kind of construction work done.

RECOMMENDATION

Clinton, which will share the cost according to the 100 per cent settlement made by the board.

Maintenance work on county roads approved by the council for this year included widening two sharp turns near the Jordan Winery and two sharp corners at Jordan Station. Work has already commenced on this project. A little grading is to be done above the escarpment at Beamsville.

Three culverts on the county road which separates North and South Grimsby townships are to be widened and improved. Grading and levelling at Warner bridge, built recently in Oshawa township, was approved. Cost of this work was all included in the annual estimates approved by the department of highways for county road main-

tenance of road may be county road system. Gainsboro and an extension south of Grimsby, but by county road. Whether or not the extension is to be a township road, this was decided by the board.

Following this, the board complimented the work done and taken by the members of the school.

continued, "You have an important game to play, learn the rules and remember them well. You are being prepared for a big job, keep your youthful enthusiasm, for there will be a decided need for it in the future." He concluded with the wish that "you boys then ever" would find it possible to attend Bolton Cadet Camp, where the invaluable work prepares boys for enlistment with the armed services.

Cherry Blossoms Eaten By Birds

Oriole is Often Blamed But Real Culprit Is The Rose Breasted Grosbeak — Is Protected By Law.

Wm. L. Putman, Dominion Entomological Laboratory, Vineland Station, Ontario.

Some sweet cherry growers have been alarmed this spring when they found numbers of blossoms cut from the stems and lying on the ground beneath the trees. This damage is usually ascribed to birds, although it is usually not discovered until the cause has disappeared. Orioles are frequently blamed, because they are often seen feeding in blossoms, but it is doubtful whether they cut any appreciable number of blossoms from the stems. The culprit in most cases is the rose-breasted grosbeak, which migrates through the Niagara Peninsula during cherry-blossom time.

The injury is generally noticed in the vicinity of woods which give the shelter preferred by the grosbeaks. Some orchards near the mountainside at Grimsby are visited nearly every year, and others near the Jordan valley have suffered a certain amount of blossom-cutting from time to time. Much of the injury appears to be done in the early morning, the birds retiring to the woods during the day.

The male rose-breasted grosbeak is one of our most beautiful birds, mostly black above the white below with a rose-coloured patch on the breast. A conspicuous black-and-white pattern appears on the wings during flight. The beak is short but very thick. The female is a brown striped bird much like an overgrown sparrow with a very heavy beak.

It is doubtful whether the damage caused by the grosbeaks is ever of much importance except in extremely local cases. The cut blossoms on the ground may appear alarming, but they seldom amount to more than a very small fraction of the total number on the tree. This is indeed fortunate, as any means of preventing the injury would be very difficult. The rose-breasted grosbeak is normally highly insectivorous and is strictly protected by law, and its erratic wandering during migration would make shooting useless. Some growers are known to have erected scarecrows but we do not know how effective they have been.

Comfort Me With Apples

On your next Wednesday afternoon off, if it's a rainy day, take a look in the shed loft and see if the wooden racks grandma hung up over the kitchen range to dry apples on are still there.

Next winter we may be glad of dried apples to help out the short supply of raisins and other imported dried fruits for home baking. And it wouldn't be too much to expect a return of the old-fashioned Apple Paring Bee now that so many old time utilities are being brought to the front again, along with their accompanying festivities. Once more we might see strings of peeled and quartered apples festooned across the sunny side of the house to dry.

WHAT NEXT?

Restrictions governing aluminum and other "precious" metals, now wanted by Uncle Sam, need not impose hardship on housewives. Equipment made of plastics, enamelware, and glass, free from stringent priority rating, are coming into wider use as substitutes. All the equipment shown above, including the young lady's apron and the table cloth—both made of plastic material—is in this category. Even the aluminum formerly used on strips of the kind pictured above has been replaced by enamel.

The Swedish parson, Dr. Acrelius, writing home to Sweden in 1788 an account of the settlement of Delaware, said:-

"Apple pie is used throughout

the whole year, and when fresh apples are no longer to be had, dried ones are used. It is the evening meal of children. House pie, in country places, is made of apples

neither peeled nor freed from their cores, and its crust is not broken if a wagon wheel goes over it."

It's the wise man that doesn't try to fool himself.

MAY WE SERVE YOU?

We Print Everything

No matter what your printing requirements may be—a four-page folder or a 100-page book—a small invitation card or a large auction sale bill — The Independent is equipped with type and presses to render a complete and satisfactory job, appropriate to the occasion. If you have printing to be done, consult your home-town printers where the service is more satisfactory and intimate, and the prices as low as any competitive prices.

Counter Check Books

We are agents for the Appleford Counter Check Books, Hamilton, O., the Dominion Sales Books, Hamilton and the Peerless Counter Check Books, Toronto, Ont. Let us quote you on your next order.

We also can supply blank or printed counter check books. No order too small or too large.

Classified Advertisements

Have you anything to sell? ... or do you wish to buy something? ... Perhaps you want a maid ... or you may be looking for work.

Try these successful little ads; they have brought results in hundreds of cases and will do the same for you ... and the cost is small — 2 cents a word with a minimum of 25c.

OVER 5,000 PEOPLE READ THE INDEPENDENT

every week based on an average of four readers in every home. Think of what this means to the advertisers — practically every home and every person in Grimsby and district a regular weekly reader of the old home paper for which there is no competition ... That's why local and foreign advertisers are using THE INDEPENDENT more and more to carry their message to the people of this town and district ... and why every business man will find it valuable to emulate this example.
